STALLION SERVICE AGREEMENT—----------2026 BREEDING SEASON

This Stallion Service Agreement ("Agreement") is being made and entered into on _____ ("Effective Date") by and between Outback Stallion Station ("Breeder"), acting as authorized agent for the Stallion Owner, and the undersigned Mare Owner ("Mare Owner").

1. BREEDING AGREEMENT

Mare Owner hereby agrees to breed the following mare (the "Mare"):

Mare Name: _____
Breed: _____
Registration Number: _____

to the stallion **TIN MAN (AQHA #5824465**) (the "Stallion") for the 2026 Breeding Season, defined as February 1, 2026 through June 30, 2026, subject to the terms and conditions of this Agreement.

A copy of both sides of the Mare's registration papers must be attached with the return of this Agreement.

2. STUD FEE & PAYMENT TERMS

The Stallion Fee for this Agreement is $1,500.00, payable to: **Stella Swanson**.
The Administration Fee is $125.00, payable to: **Outback Stallion Station.**

A $550.00 non-refundable booking fee is due upon submission of this Agreement and shall be applied toward the Stallion Fee. The remaining balance must be paid in full prior to on-site breeding, semen collection, or semen shipment.

Mare Owner acknowledges this is a non-chute fee contract and agrees to be financially responsible for all veterinary, reproductive, handling, shipping, and related services rendered.
This Agreement is valid for the 2026 Breeding Season only.

3. SHIPPING & COLLECTION

Stallions are collected **Monday, Wednesday, and Friday only** during the breeding season, with no exceptions.

Semen orders must be placed by 5:00 PM Mountain Standard Time ***the day prior to shipment.***

Confirmations or Cancellations ***must be made by 8:00 AM Mountain Standard Time*** on the day of shipment or a $50.00 late cancellation fee will apply.

Holidays may result in limited or unavailable shipping options. The Mare Owner and attending veterinarian are responsible for confirming breeding and collection days.

4. SHIPPED FRESH / COOLED SEMEN

Semen may be used only for the Mare listed. Breeding additional mares without approval voids rebreed privileges.

Mares housed at Outback Stallion Station receive breeding priority. Availability of cooled semen is not guaranteed. Shipments are filled first-ordered, first-served. One dose per shipment should be expected.

Outback Stallion Station is responsible only for shipping semen in viable condition and is not liable for loss, contamination, delay, or damage in transit. No refunds for lost or delayed shipments.

Shipping containers must be returned within seven (7) days or a $30/day late fee applies.
Replacement fees: $50 per cooled container / $2,500 per frozen shipper.

5. SHIPPED FROZEN SEMEN

The Mare Owner understands and agrees that the following terms apply when breeding with shipped frozen semen through Outback Stallion Station.

Contract Type:
Breeding contracts designated as frozen semen contracts may not be converted or transferred to fresh-cooled semen, including for any rebreed, without prior written approval from Outback Stallion Station. Any such approval, if granted, shall be at Outback Stallion Station's sole discretion.

Semen Orders:
Requests for frozen semen must be placed a minimum of five (5) days in advance of the desired shipment date. Late requests may result in additional shipping fees, delays, or inability to ship due to limited tank availability. Outback Stallion Station is not responsible for delays or increased costs resulting from insufficient notice.

Semen Doses:
Mare Owners utilizing frozen semen should expect to **receive one (1) dose of semen per shipment,** unless otherwise agreed to in writing by Outback Stallion Station.

Semen Condition and Liability:
Outback Stallion Station's responsibility is limited to providing and shipping frozen semen in viable condition at the time of shipment. Outback Stallion Station shall not be liable for loss of viability, contamination, mishandling, or damage occurring during or after shipment, including but not limited to handling by shipping carriers, veterinarians, or receiving facilities. No refunds will be provided for lost or delayed shipments.

Unused Frozen Semen.
Any unused frozen semen remains the property of the Stallion Owner and must be returned to Outback Stallion Station by September 1 at the sole expense of the Mare Owner.

ICSI PROCEDURES AND FROZEN EMBRYOS

Outback Stallion Station must be notified immediately upon completion of the ICSI procedure of the total number of embryos produced, including the number transferred fresh and the number vitrified (frozen) for future use.

For each additional pregnancy or embryo frozen for future use beyond the initial contracted embryo, Mare Owner shall pay the current Stallion Breeding Fee applicable to the year in which the embryo is transferred, plus a $300 Management Fee payable to Outback Stallion Station. Additional embryo fees shall be due upon confirmation of pregnancy or upon transfer of a frozen embryo, whichever occurs first.

Mare Owner must notify Outback Stallion Station within thirty (30) days of any embryo transfer. Any registry late fees or penalties incurred due to Mare Owner's failure to provide timely notification shall be the sole responsibility of the Mare Owner.

A $250 administrative penalty shall be assessed for each embryo not reported within the timeframes specified.

To obtain a Breeder's Certificate for any foal produced from a frozen embryo, Mare Owner must notify Outback Stallion Station of the birth of the foal. No Breeder's Certificate shall be issued until the account has been paid in full and all reporting requirements have been satisfied.

Any ICSI procedures performed or embryos vitrified after November 15 of the breeding year shall be subject to a late reporting fee for inclusion on the Stallion Breeding Report. Such fee shall be the sole financial responsibility of the Mare Owner and must be paid prior to registration of any resulting foal.

6. MARE CONDITION & SUBSTITUTION

Mare shall be in a healthy and sound breeding condition. In the case that the listed mare dies or becomes unfit to breed after the time of this contract but prior to breeding to stallion, the Mare Owner may transfer the breeding hereunder to a substitute mare owned by Mare Owner.

Upon notifying the breeder of a mare substitution, the Mare Owner shall pay a $50 substitution fee and agree that a separate agreement will be required for the substitute mare.

Ownership.
The Mare Owner hereby represents and warrants it is the owner of record of the Mare.

7. BREEDER'S CERTIFICATE

The Mare Owner must notify the Breeder of the foal's birth. A Breeder's Certificate will not be issued until the account has been paid in full and all terms of this Agreement have been satisfied.
This contract provides one (1) breeder's certificate.

8. EMBRYO TRANSFER

If multiple embryos are retrieved from a single breeding, additional breeding fees will be assessed. It is the responsibility of the Mare Owner to notify Outback Stallion Station of the number of embryos transferred.

If multiple embryos are desired and more than one breeding is required, a separate breeding contract is required for each embryo.

If the Mare Owner elects to freeze or vitrify a recovered embryo, it is the Mare Owner's responsibility to notify Outback Stallion Station when the embryo is frozen and when it is later utilized.

9. LIVE FOAL GUARANTEE

A live foal is defined as a foal that stands and nurses without assistance. If the Mare is open, aborts, or produces a stillborn foal during an attended birth, a rebreed may be offered for the following breeding season upon receipt of written veterinary confirmation within seven (7) days. No warranty is made regarding the foal's soundness, fertility, or fitness for a particular purpose or health.

10. REBREEDS

If a live foal is not produced during the contract year, Mare Owner may be entitled to a rebreed the following breeding season. Failure to rebreed the following year results in forfeiture of all fees, cancellation of rebreed rights, and release of Outback Stallion Station and the Stallion Owner from further obligation. Third-year rebreeds are at the sole discretion of the Stallion Owner.

All rebreeds are subject to applicable rebreed fees plus shipping, pickup, or on-site breeding charges.

11. PREGNANCY STATUS REPORTING

It is the Mare Owner's responsibility to notify the Breeder of the Mare's pregnancy status within **thirty-five (35) days of insemination**. In addition, the Mare Owner must provide final pregnancy status confirmation no later than **September 1** of the breeding year.

Failure to notify the Breeder by September 1 may result in a **$100.00 late fee** for inclusion of the Mare on the Stallion Breeding Report.

12. SOCIAL MEDIA.

The Mare Owner agrees that nothing shall be posted or shared via social media that could be negatively construed regarding Breeder, or any of its members, managers, employees, associates, or affiliates. Failure to do so may result in legal action regarding the content and damages associated with such action. Furthermore, Breeder reserves the right to terminate this Agreement in the event this Agreement is breached. Any offending Mare Owner shall immediately forfeit any fees, payments or right to a Rebreed.

13. INCENTIVE PROGRAMS

Mare Owner is solely responsible for confirming stallion eligibility and enrollment with all incentive programs. Outback Stallion Station assumes no responsibility for eligibility or enrollment.

14. STALLION AVAILABILITY

If the above-named Stallion dies or becomes unfit for service for any reason, this Agreement may be declared null and void, and the parties shall be relieved of any further obligations hereunder. At the sole discretion of the Stallion Owner, an attempt may be made to fulfill this Agreement using frozen semen.

Any amounts paid by the Mare Owner toward the Stallion Fee shall be refunded only at the sole discretion of the Stallion Owner. Outback Stallion Station makes no representations or warranties regarding the Stallion's ability to achieve or maintain success as a producer of quality offspring.

15. LIABILITY, GOVERNING LAW & ATTORNEY FEES

This Agreement shall be governed by and construed in accordance with the laws of the State of Idaho, without regard to its conflict-of-laws principles. Venue for any action arising out of or relating to this Agreement shall lie exclusively in the state or federal courts located within the State of Idaho.

If it becomes necessary for the Breeder to retain the services of an attorney to enforce its rights under this Agreement, including but not limited to the collection of any sums due, the Mare Owner agrees to pay all costs and expenses incurred by the Breeder, including reasonable and necessary attorney's fees.

16. ENTIRE AGREEMENT; AMENDMENTS; NON-TRANSFERABILITY; SEVERABILITY

This Agreement represents the entire understanding between the parties and replaces all prior or contemporaneous oral or written agreements, discussions, or representations.

This Agreement may be amended or modified only by a written document signed by all parties. This Agreement is non-transferable unless otherwise agreed to in writing by the Breeder, and any approved transfer shall require completed paperwork and shall be subject to an applicable Rebreed Fee.

Section headings are provided for reference and convenience only and shall not affect the meaning or interpretation of this Agreement.

If any provision of this Agreement is found to be invalid or unenforceable, such determination shall not affect the validity or enforceability of the remaining provisions.

17. STALLION MANAGEMENT TRANSITION

If a stallion is removed from the management of Outback Stallion Station during the breeding season, Outback Stallion Station shall forward copies of all applicable breeding contracts and records to the Stallion Owner. Upon such transfer, Outback Stallion Station’s involvement and responsibility shall terminate.

CONTRACT SELECTION (CHECK ALL THAT APPLY)

Contract Type: ☐ Fresh Semen ☐ Frozen Semen ☐ ICSI
Breeding Method: ☐ Shipped Semen ☐ On-Site Breeding ☐ ICSI
Pregnancy Type: ☐ Carry ☐ Embryo Transfer (ET)
